The Armatti 450 Sport Fly

The stunning Armatti 450 Sport Fly features the sleek exterior, performance and exceptional sea keeping abilities of the Armatti Yachts line. The side windows that are the hallmark of the Armatti line flood the spacious interior with natural light. Below deck, its interior design shows the Sport Coupe's modern look throughout. Its spacious lounge and well-equipped galley combine for a highly sociable entertaining space, while both cabins exude contemporary style and generous proportions.

The 12.80 meter length 3.70 meter beam give premium boat privileges such as huge outdoor areas and perfect natural light inside; guaranteed by large panoramic windows in both suites. As with all Armatti Yachts, the development of the project included a team of experienced nautical designers, as well as state-of-the-art production processes, such as CNC modeling, technology usually reserved for much larger vessels.

Construction

All Armatti Yachts are constructed with manual lamination (Hand Lay-up), which allows a greater care and supervision in the application of the materials. Multi-axial (Biaxial and Triaxial) fabrics are used so that the different layers and directions of the frames offer greater load capacity and structural reinforcement. In addition, every deck and internal parts receives PVC foam (Sandwich known as Divinycell) which leaves the structure highly resistant and lightweight. Isophthalic gel with UV protection. Layer Skin coat with chemical barrier to prevent contamination on contact with water and Coremat fabric that offers a uniform finish.

Fit-Out

The internal fit-out of the Armatti Yachts receives furniture made with high quality materials and coated with special laminate and stainless steel fittings. Depending on the model, the center tables may be in wood or teak. The models that have tables with height adjustment (for the bed) are pneumatic driven, the others are removable in a functional way. The external tables are made in teak for better resistance to the weather conditions. Kitchens and toilets have stainless steel or ceramic sink (depending on options) with quartz stone top (known as Corian®). Upholstery with D33 foam is a feature on every boat, lined with nautical courvin (on sofas) or fabric (on mattresses and internal cushions that also have higher thickness). Only 316 Stainless steel hardware and fittings are used to prevent corrosion. LED lights are used throughout to increase safety and have the added benefit of reducing battery consumption. Only marine grade tempered glass is used for the windshield and windows.

Measurements

LOA:	11m / 36	Draft:	N/A
Beam:	3.25 m / 11'66"	Deadrise at Transom:	17 °
		Fuel Tanks Capacity:	400 L / 105 US gal
		Fresh Water Tanks Capacity:	200 L / 52.5 US gal

Main Standard Equipment

- 01 Hatch
 - 02 Port-lights
 - Stainless steel retractable cleats 8" (#6)
 - Fresh water pump
 - Black water shower pump
 - Compass
 - Stainless steel guardrail
 - Outfit kit (cushions and pillows)
 - LED Navigation lights
 - Engine room lights
 - Targa LED lights
 - Switch panel
 - Electric panel
 - Tempered glass windscreen
 - Stainless steel 316 hardwares
 - Drink holders
 - Acrylic door for cabin's access
 - Stainless steel bow pulpit
 - Electric Panel with foldable backrest
 - Cabin mat
 - 12 V Outlets
- Wooden furniture
 - Toilet with stainless steel sink with quartz top
 - Wooden table with height adjustment
 - Upholstery seating
 - Cabin & Toilet Hatches
 - Mirror
 - Midship Queen Bed
 - Bow's Queen Bed
 - Shower
 - Kitchen with wooden cabinet
 - Toilet with electric flushing system
 - Bar with ice compartment and sink
 - Cup-holders in the bar and console
 - Teak table
 - Stern shower
 - Stern solarium
 - Cooler / Ice Compartment
 - Gourmet Station with sink at stern
 - Electric driven Hard Top
 - Personalized Steering Wheel
 - Standard Items

Recommended Basic Optionals

- Stainless Steel Anchor 10Kg + 40M Calibrated Cable 8mm + anchor distorter
- Electric Winch 800 W
- Battery 150A (extra)
- DVD Player + 4 Marinized Speakers
- VHF Radio with antenna
- Boat nylon cover
- Kitchen's tile covering
- Toilet's tile covering
- Glass sliding door – toilet & Kit box
- Bimini
- Wooden berth
- Headlight with remote control
- Flaps with digital panel
- Hull stripe painting
- Hull stripe and HT painting
- Teak – cockpit
- Teak – platform
- Synthetic Teak – cockpit
- Synthetic Teak – side passage to bow
- Synthetic Teak – platform
- Hydraulic platform

Premium Package

Air conditioning 10,000 BTU's with 2 outlets
Air conditioning 10,000 BTU's with 2 outlets
Air conditioning 16,000 BTU's with 2 outlets
Boiler – electric (for shower – 30L)
Generator 4.0 KVA Swell diesel
Generator 5.0 KVA Onan diesel
Generator 9.0 KVA Onan diesel
Joystick docking (only for engine with electronic command)

Comfort Package

Stainless steel BBQ coal grill with wooden table
Stainless steel electric BBQ grill for gourmet station at cockpit
DVD player (Inverter required)
Fridge ELBER 80L 12V (no require inverter)
Fridge 80L internal / external (requires inverter)
Microwaves (requires inverter)
Inverter / charger / power converter 2000 W – 3×1 (required for 110V equipments)
Dock outlet (required for inverter)
TV LED 28' with special support – salon
Fan for cabin 12V
